

Thank you for your interest in learning more about the services being provided by the City of Castle Rock's 2010 West Side Annexation Committee.

The Castle Rock City Council recognized there will likely be interest in annexing now that the transfer of the West Castle Rock water/sewer system from Cowlitz County to the City of Castle Rock has been completed and convened a committee to assist property owners interested in annexing into the city. The [informational brochure](#) provides information about city services and annexation procedures. Please click here to view committee responses to [frequently asked questions](#).

Committee members are currently performing public outreach and responding to questions raised by property and business owners in order to gauge the interest in annexing and to identify issues that may generally apply. Committee members are also available to answer site specific questions that may apply to individual properties.

Following is a proposed timeline for completing the committee's tasks:

- April 26th Requested return date for Interested Party Response Form.
- April 27th – 30th Committee members will telephone property owners who have not returned the response forms.
- May 3rd Annexation Committee Meeting. Committee members will review response forms and prepare a report for City Council.
- May 10th City Council Meeting. The committee members will report on which properties have responded in favor of annexing and, if sufficient interest exists, identify steps Council may consider to help coordinate and consolidate the annexation process.
- June 15th Deadline for property owners to initiate an official annexation request in order to continue receiving water and sewer services at in-city rates

Again, thank you for your interest. Please contact a member of the Annexation Committee if you have any questions or concerns. Following is their contact information by area of expertise:

- Annexation procedures
- Zoning

TJ Keiran, City Planner (360) 577-3041
tkeiran@cwco.org

- Water/Sewer connections,
- Infrastructure
- Recreational facilities

Dave Vorse, Public Works Director (360) 274-7478
crpwd@ci.castle-rock.wa.us

- Water/Sewer rates
- Financial comparison information

Ryana Covington, City Clerk Treasurer (360) 274-8181
rcovington@ci.castle-rock.wa.us

- Police services

Bob Heuer, Chief of Police (360) 274-4711
bheuer@crpolice.org

- Access to city government

Mayor Paul Helenberg (360) 274-8181
